

K9 SILVER

WELLNESS PACKAGE

*Essential Care
for a Healthy, Happy Life! ♥*

*Healthy
Dogs
Happier
Lives! ♥*

At V.E.T. Care Hospital, we believe prevention is the key to a longer, healthier life for your dog. Our **Silver K9 Wellness Package** provides essential diagnostic testing to help detect potential health problems early—so your best friend can stay happy and healthy!

WHAT'S INCLUDED?

Important screening tests for your dog's overall health.

Heartworm Screening

Our IDEXX SNAP Heartworm RT test (performed in-house) screens for adult heartworm antigen, helping detect this potentially life-threatening parasite.

Chem 10

Evaluates kidney and liver function, blood sugar, proteins and other important indicators of your dog's internal health.

Electrolytes (Lytes)

Measures key electrolytes (sodium, potassium and chloride) to help assess hydration, kidney function and overall body balance.

Complete Blood Count (CBC)

Evaluates red and white blood cells and platelets to help identify anemia, infection, inflammation and certain blood disorders.

Fecal Examination

Screens for intestinal parasites that may affect your dog's digestive health, including roundworms, hookworms and whipworms.

*Great Care.
Exceptional Value! ♥*

WHY CHOOSE SILVER K9?

Early Detection

Identify potential health concerns before noticeable symptoms develop.

Peace of Mind

Know your dog's health status with essential screening tests.

A Healthier, Happier Dog

Give your veterinarian valuable information to guide preventive care and treatment recommendations.

*Healthy Paws
Brighter Days! ♥*

Invest in Your Dog's Health Today!

Ask our V.E.T. Care Hospital team about the Silver K9 Wellness Package at your next visit!

Screening helps identify potential problems but does not diagnose or rule out every disease.
Additional testing may be recommended based on your dog's age, symptoms and results.

K9 GOLD

WELLNESS PACKAGE

Because Your Best Friend Deserves Gold-Standard Care!

At V.E.T. Care Hospital, we believe prevention is the key to a longer, healthier life for your dog. Our **K9 Gold Wellness Package** provides comprehensive health screening to help detect potential health problems early—even before your dog shows signs of illness.

WHAT'S INCLUDED?

| A complete health screening for a healthier, happier tomorrow!

Chem 27 with SDMA

Evaluates kidney and liver function, blood sugar, electrolytes, proteins and other important indicators of your dog's internal health.

Complete Blood Count (CBC)

Evaluates red and white blood cells and platelets to help identify anemia, infection, inflammation and certain blood disorders.

Fecal Examination

Screens for intestinal parasites that may affect your dog's digestive health, including roundworms, hookworms and whipworms.

Complete Urinalysis (U&A)

Examines urine concentration, chemistry and microscopic sediment to help identify kidney disease, urinary tract problems and diabetes.

Thyroid Screening (Total T4)

Measures thyroid hormone levels to screen for thyroid disorders that may affect your dog's energy, weight, skin and coat.

Heartworm Screening

Our IDEXX SNAP Heartworm RT test (performed in-house) screens for adult female heartworm antigen, helping detect this potentially life-threatening parasite.
